Art Unit 1711

All previous rejections have been withdrawn.

Claim 22 is rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicants regard as the invention.

Claim 22 depends from a cancelled base claim and as the base claim is cancelled, it is unclear what "the composition of claim 20" is.

Applicants' remarks are moot since all previous rejections have been withdrawn.

With regard to the references indicated in the "X" category on applicants' search report, the instant claims dependent on claim 17 as well as claim 17 are deemed allowable over this art since the references do not teach or fairly suggest a composition comprising one or more protective functionalized chain extended anionic polymerization initiators of the formula shown at line 4 of claim 17 or line 6 of claim 17 in combination with at least one additional initiator shown at lines 9 or 11 of claim 17.

Claim 22 is too unclear to determine whether or not it is allowable over the prior art.

This Office action is not being made FINAL.
